FOREWORD
This Fair is dedicated to every citizen of Logan County and is conducted for your education and pleasure.
4-H FAIR TIME SPORTSMANSHIP

An important part of growing up is developing good sportsmanship. This means being fair and honest while competing, being a courteous loser and a gracious winner. As a 4-H member, you are expected to exhibit the following:

1. **Conduct.** Display and maintain high standards of personal behavior which is becoming to you as an individual and as a representative of your family, your club, your community, or any other program you are a part of.

2. **Fairness.** Learn and follow the rules. Do not cheat. Be impartial and honest at all times.

3. **Honesty.** Show integrity. Do not lie or deceive. Do your own work. Do not understate or overstate your abilities, skills or accomplishments.

4. **Competition.** Rivalry is a part of competition. There are winners and losers in every contest. Be respectful, considerate, cooperative, and cheerful in your attitude and behavior, regardless of whether you win or lose.

5. **Courtesy.** Questions are fine and suggestions are welcome, but be respectful in expressing them. Be pleasant toward other participants, spectators, program officials, extension staff, fair board, media, 4-H leaders, and especially your parents. Give others the benefit of the doubt.

6. **Respect.** Do not argue with our judges. Their opinions are the most important the day of the judging, and if you are prepared and have done your own work, you will succeed! Accept suggestions and comments with a positive attitude. If you receive a lower placing than expected, be gracious and learn from the experience.

7. **Kindness.** Treat animals, people and property kindly and with respect.

8. **Spirit.** Congratulate those who win after a competition! Recognize, appreciate and try to learn from shortcomings. Do not protest, or make accusations unless you have proof and are willing to personally face the person you are accusing.

9. **Graciousness.** If you are named the winner, graciously thank the people who recognized you. Do not gloat, brag or act conceited, or downplay your accomplishment.

10. **Gratitude.** THANK YOUR PARENTS, leader, judges, fair board, and the extension staff. They have gone to a lot of work for you and the county to put on a successful fair.

Division I-A: LIVESTOCK

Special Rules For All Livestock:

1. Weigh-ins and Check-ins:
   A. Registered breeding animals are not required to be present at weigh-in but registration papers are due on the weigh-in day. All other livestock must be checked-in and/or tagged at spring weigh-in. County weigh in dates and times will be set by Extension personnel, and there will be no exceptions or late weigh-ins after the schedule has been set and publicized, excluding hardship cases at the discretion of the Extension Office. Animal superintendents should be present at animal weigh-ins to assist the agent and 4-H'ers. All animals shown in 4-H classes must have a form of permanent, non-reproducible identification in place at spring weigh-in or be tagged with a Kansas 4-H ear-tag. Exceptions include heifers under six months at Fair not shown as bucket calves, and calves from cow/calf pairs. Cows of cow/calf pairs must be checked in at weigh-in and the extension office must be notified by July 1st if 4-H'ers plan to show a breeding heifer younger than 6 months of age.

   B. All sheep and goats must have a USDA Scrapies tag before fair. Breeding ewes and goats do not have to have a 4-H ear-tag if they are exhibiting a Scrapies tag at spring weigh-in because the Scrapies tag will be used as their non-reproducible permanent identification.

   C. Breeding heifers exhibiting a Brucellosis or “bangs” tag at spring weigh-in will not be required to have a 4-H ear-tag because their Brucellosis or “bangs” tag will be used as their non-reproducible permanent identification.

   D. Tattoos and ear-notches are not a form of non-reproducible permanent identification.

   E. All 4-H market animals must have a Kansas 4-H ear-tag put in at spring weigh-in.

2. A herdsmanship certificate will be awarded to a 4-H livestock exhibitor and to a 4-H club. This certificate is based on clean and neat stalls, courtesy shown to judge, other exhibitors and the public; manners; personal appearance; attitude; etc. A qualified individual or committee will make this selection.

3. Exhibitors must furnish feed and feeding facilities for livestock. All exhibitors should keep allotted space clean at all times. No premium will be paid until livestock exhibitors have cleaned their stalls and barns. Water must be adequately supplied to animals to eliminate risk of heat stress.

4. All livestock must be checked in by a superintendent and checked by a veterinarian at the Fairgrounds on weigh-in day. All market animals must be weighed-in. Official weigh-in times will be from 5-7pm for large animals and from 7-9pm for small animals on Tuesday, July 18, 2017. Only one weight will be taken per animal during the official weigh-in time. No official weights will be taken without Extension personnel present. 4-H members who wish check animal weights before the official
weigh-in time must contact the Logan County Fair Board regarding use of the scales. All animals will be inspected by a veterinarian on the trailer, before they are unloaded, for any contagious disease, injury, or condition rendering them unfit for show at spring weigh-in and fair check-in.

5. All adults, including parents and grandparents, must remain at least 10 feet away while animals are being judged. Parents and observers are not allowed to coach exhibitors once judging of a class has begun and will receive only 1 verbal warning. Dismissal from judging could result. This rule applies to exhibition of all livestock, horses, dogs, cats, poultry and rabbits.

6. All animals brought must be drug free. Exhibitors may be required to sign an agreement stating animals are free of any and all drugs.

7. Guidelines for tranquilizing of animals: 
   A. Animals may be tranquilized only after approval is secured from the Livestock Superintendent(s), Agent and Fair Board.
   B. The project superintendent, Ag Agent and a Fair board member need to be present for all medical treatment or additive, other than normal feed.

8. If the animal must be tied to the fence or placed in a pen during showmanship, it will be placed last in that class. 

9. 4-H animal project members are expected to do their own fitting and grooming of their animals to be shown at the fair. If assistance is given, the 4-H’er must be present and involved while the animal is being groomed.

10. EXHIBITORS MUST ENTER SHOWMANSHIP CLASS TO BE ELIGIBLE TO SELL AT THE 4-H SALE.
    Showmanship class will be the first class in each Division. The contest will be divided into 3 age groups: Senior - age 14 and over; intermediate - age 10 to 13; and Junior - age 7 to 9. Age is determined as of January 1 of the current year.

11. All exhibits must be ready when the class is called. Each exhibitor must show their own animal unless special permission is granted by the agent or superintendent to allow another LOGAN COUNTY 4-H member to show the animal.

12. All animals sold in the 4-H livestock auction will be released at 8:00pm on Friday, July 21, 2017. Any animal that is not sold in the livestock auction will be released immediately following the sale.

13. Attire for showing and selling of any livestock: long pants, shirts must be tucked in, closed-toe shoes, and no t-shirts, caps or hats. If you enter a livestock class or the livestock sale in dirty, torn or unacceptable clothing you will be disqualified.

14. The decision of the judge is final.

15. No animals are to be tied to the horse barns. Tie them to the rail or return them to their stalls.

17. All animals must meet Kansas Animal Health Division health requirements.
Livestock Sale Rules:
1. Each 4-H’er will be allowed to sell only 1 animal in each species (one beef, swine, poultry, goats, sheep, bucket calves and rabbit).
2. All livestock will be sold by the head.
3. There will be no minimum weight requirements for animals to sell in the livestock auction.
4. It is the responsibility of the 4-H’er to designate which animal will be sold if 4-H’er shows more than one animal of the same species. Otherwise, the animal with the highest ribbon placing will be sold. If both animals have the same ribbon placing, then the heaviest animal will be sold.
5. The Grand Champion animal in each division will be sold first, followed by the Reserve Champion, purple, blue, red, and white ribbon placing.

Order labels should be pinned to the base of the box. Two labels are required on each specimen. First label directly beneath the insect, centered on the pin, is the common name label. Common name refers to the commonly accepted name for the insect. Example of common names include grasshoppers, cockroaches, or walking sticks for insects that belong to the order Orthoptera. When in doubt, use the common name designated for the group in question. The second label is a date/locality label. It will be centered on the pin beneath the common label. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon in the Beginning I phase at the Kansas State Fair, whichever comes first. Members would generally be encouraged to move on into Beginning II after one good year in the Beginning I phase.

All insects in the orders of Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera and Hymenoptera are to be identified to family. The number of families in these orders must be recorded on the box identification label. Families represent subdivisions of order groupings, and family labels will be pinned to the
bottom of the box to represent subdivisions of the appropriate order. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon in the Intermediate class at the Kansas State Fair, whichever comes first.

Class 8006 Intermediate Educational Exhibit

Advanced Entomology

Class 8007 Collection - Display a minimum of 150 and a maximum of 450 insects representing at least 12 orders. Three standard boxes can be used. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. Two labels are required for each specimen - first the common name label followed by the date/locality label, both of which are centered on the pin beneath the insect. The guidelines detailed under the intermediate phase may also be used in the Advanced phase except that all butterflies appearing in the collection should be labeled with the correct common name.
