# **Logan County Fair 2025**

## **FOREWORD**

**This fair is dedicated to every citizen of Logan County and is conducted for your education and pleasure.**

## 4-H FAIR TIME SPORTSMANSHIP

An important part of growing up is developing good sportsmanship. This means being fair and honest while competing, being a courteous loser and a gracious winner. As a 4-H member, you are expected to exhibit the following:

1. **Conduct.** Display and maintain high standards of personal behavior which is becoming to you as an individual and as a representative of your family, your club, your community, or any other program you are a part of.
2. **Fairness.** Learn and follow the rules. Do not cheat. Be impartial and honest at all times.
3. **Honesty.** Show integrity. Do not lie or deceive. Do your own work. Do not understate or overstate your abilities, skills or accomplishments.
4. **Competition.** Rivalry is a part of competition. There are winners and losers in every contest. Be respectful, considerate, cooperative, and cheerful in your attitude and behavior, regardless of whether you win or lose.
5. **Courtesy.** Questions are fine and suggestions are welcome, but be respectful in expressing them. Be pleasant toward other participants, spectators, program officials, extension staff, fair board, media, 4-H leaders, and especially your parents. Give others the benefit of the doubt.
6. **Respect.** Do not argue with our judges. Their opinions are the most important the day of the judging, and if you are prepared and have done your own work, you will succeed! Accept suggestions and comments with a positive attitude. If you receive a lower placing than expected, be gracious and learn from the experience.
7. **Kindness.** Treat animals, people and property kindly and with respect.
8. **Spirit.** Congratulate those who win after a competition! Recognize, appreciate and try to learn from shortcomings. Do not protest, or make accusations unless you have proof and are willing to personally face the person you are accusing.
9. **Graciousness.** If you are named the winner, graciously thank the people who recognized you. Do not gloat, brag or act conceited, or downplay your accomplishment.
10. **Gratitude.** THANK YOUR PARENTS, leader, judges, fair board, and the extension staff. They have gone to a lot of work for you and the county to put on a successful fair.

## **GENERAL 4-H RULES**

### **RULE I - Interpretations, Amendments & Violations**

1. The Golden Prairie Extension District reserves the right to interpret these rules and regulations and arbitrarily settle all questions arising in connection with 4-H exhibits.
2. In the event of a conflict regarding 4-H members, 4-H projects, or 4-H events occurring during the county fair, the matter will be turned over to a grievance committee. (See Rule IV)
3. Any person who violates any general or special rule will forfeit all privileges and premiums.

### **RULE II - Entry Requirements.**

1. All 4-H entries to the county fair are free, except Shooting Sports Shoot, Dog, and Horse.
2. All property entered at the fair for any purpose shall be subject to the control of the superintendent in charge.
3. All 4-H entries must be pre-entered with the Extension Office.

### **RULE III - Exhibit Duties & Privileges.**

1. Only members of 4-H clubs in Logan County may exhibit in 4-H competitions. Logan County 4-H members and Logan County open class exhibitors shall have priority over non-residents for livestock exhibiting space. Exhibits cannot be entered in both open class and 4-H competition with the exception of the open class and 4-H dog and horse shows.
2. If any exhibitor has made any false statement in regard to any exhibit or if any exhibitor shall attempt to interfere with the judging process, he shall be excluded from all competition or exhibition on the grounds and any awards that he/she may have received will be forfeited at the discretion of the Golden Prairie District Executive Board.
3. The decision of the judges shall be final and no appeal will be considered except in cases of rare protests.

### **RULE IV - Grievances**

Filing a grievance-

Talk to the Superintendent in that area - if you feel it is not resolved, then put the grievance in writing, sign, and submit it to Extension Staff. This must be done within 24 hours of the incident, otherwise it is not a valid complaint. Within 24 hours of the complaint being filed a ruling will be made.

The Grievance committee will consist of the superintendent of that project area, Extension Board Chair, 1- extension board member from Logan County, Logan County Fair Board President, 1- member from Logan County Fair Board, and Extension Staff. The grievance committee ruling will be final. Any violation that affects future participation will be sent to the Golden Prairie District Executive Board.

### **RULE V - Power and Liabilities of the Extension Executive Board**

1. The Golden Prairie District Extension Board reserves the right to remove from the grounds any 4-H exhibit or animals that may be falsely entered, or may be deemed unsuitable or objectionable, or to remove any sign, banner, identification mark or signature or advertising matter of any kind which may be deemed objectionable.
2. All 4-H and open class animals will be checked-in under the supervision of a veterinarian. No diseased animal or fowl will be permitted to be exhibited or occupy space at the fair, and every precaution will be taken to enforce this rule. However, the management will not be responsible for any loss or damage that may be sustained through violation of this rule.
3. No claim for any injury to any person or property shall be asserted to suit instituted, or maintained against the Extension Executive Board, its officers or agents, representatives, servants or employees on behalf of any person, corporation or firms as a result of damage sustained on the grounds of this fair.

### **RULE VI - Miscellaneous.**

1. A superintendent will be appointed for each Division, whose duty it shall be to receive the exhibits, properly classify them and to assist the judges. A junior superintendent will also be assigned to assist. Animal superintendents should be present at 4-H animal check-ins to assist the agents and 4-H'ers.
2. All entries except livestock shall be exhibited by using an exhibit card. Open class exhibit cards are available from the Extension Office and in the Fair Office in the Dick Farmer Arena. Two cards are required for each exhibit.
3. No responsibility will be assumed for loss or damage of any property.
4. Premium money will be forfeited if exhibits are removed before release time.
5. FFA / Vocational agriculture members may exhibit livestock in the open class division.
6. All exhibits are to be entered and in place at least 1 hour before judging is to begin. 4-H members must be properly enrolled in the project they expect to exhibit in. All exhibits must be work that is completed during the current 4-H year.
7. All 4-H exhibits are governed by the general rules of the Golden Prairie District Executive Board.
8. Each 4-H exhibit will receive a ribbon placing. Ribbon placings will be made at the discretion of the judges. They will be placed into purple, blue, red or white groups with Grand Champion and Reserve Champion awarded if quality is deserving. The purple, or State Fair ribbon, is eligible to enter State Fair competition provided they meet age requirements and a class is provided for State Fair exhibit. All entries must conform to the 4-H project requirements (age, breeding, etc.).
9. Prize money will be awarded on a point basis. Point values will be determined by dividing total points awarded into total prize money available. Points awarded will be: Grand Champion 50, Reserve Champion 45, Purple 40, Blue 30, Red 20, White
10. All 4-H members must attend the pre-fair clean-up/set-up and the post-fair clean-up to receive premium money. These dates will be announced by the Extension Office.

# LIVESTOCK

## ***Special Rules For All Livestock:***

1. Exhibitors are expected to comply with ALL rules. Those failing to comply with the rules are subject to premium and award cancellations and disqualification from current participation in Logan County Fair 4-H shows and/or exhibits.
2. Check-ins:
  - A. All livestock must be checked-in and/or tagged at spring check-in. County check in dates and times will be set by Extension personnel, and there will be no exceptions or late check-ins after the schedule has been set and publicized, excluding hardship cases at the discretion of the Extension Office. All animals shown in 4-H classes must have a form of permanent, non-reproducible identification in place at spring check-in or be tagged with a Kansas 4-H ear-tag. Exceptions include heifers under six months at fair not shown as bucket calves, and calves from cow/calf pairs. Cows from cow/calf pairs must be checked in or reported to the Extension Agent at spring check-in.
  - B. All sheep and goats must have a USDA Scrapies tag before fair. Breeding ewes and goats do not have to have a 4-H ear-tag if they are exhibiting a Scrapies tag at spring check-in because the Scrapies tag will be used as their non-reproducible permanent identification.
  - C. Breeding heifers exhibiting a Brucellosis or "bangs" tag at spring check-in will not be required to have a 4-H ear-tag because their Brucellosis or "bangs" tag will be used as their non-reproducible permanent identification.
  - D. Tattoos and ear-notches are not a form of non-reproducible permanent identification.
  - E. All 4-H market animals must have a Kansas 4-H ear-tag put in at spring check-in.
3. A herdsman certificate will be awarded to a 4-H livestock exhibitor and to a 4-H club. This certificate is based on clean and neat stalls, courtesy shown to judge, other exhibitors and the public; manners; personal appearance; attitude; etc. A qualified individual or committee will make this selection.
4. Exhibitors must furnish feed and feeding facilities for livestock. All exhibitors should keep allotted space clean at all times. No premium will be paid until livestock exhibitors have cleaned their stalls and barns. Water must be adequately supplied to animals to eliminate risk of heat stress.
5. All livestock must be checked in by Extension staff and checked by a veterinarian at the fairgrounds by 8:00pm on check-in day. All market animals must be weighed-in. Official weigh-in times for ALL livestock projects will be at 7:30-10:30 AM on **Tuesday, July 29, 2025**. Only one weight will be taken per animal during the official weigh-in time. No official weights will be taken without Extension personnel present. 4-H members who wish to check animal weights before the official weigh-in time must contact the Logan County Fair Board regarding use of the scales.
6. All adults, including parents and grandparents, must remain outside of the show ring and at least 10 feet away while animals are being judged. Parents and observers are not allowed to coach exhibitors once judging of a class has begun and will receive only 1 verbal warning. Dismissal from judging could result. This rule applies to exhibition of all livestock, horses, dogs, cats, poultry and rabbits.
7. All animals brought must be drug free. Exhibitors may be required to sign an agreement stating animals are free of any and all drugs.
8. Guidelines for tranquilizing of animals:
  - A. Animals may be tranquilized only after approval is secured from the Livestock Superintendent(s), Agent and Fair Board.
  - B. The Extension Agent and a Fair Board member need to be present for all medical treatment or additive, other than normal feed.
9. If the animal must be tied to the fence or placed in a pen during showmanship, it will be placed last in that class.
10. Each exhibitor must care for and groom his or her own animal and may use only the assistance of an immediate family member (mother, father, legal guardian, brother or sister) or another current Kansas 4-H member who is an exhibitor at this year's livestock show.
  - A. All Livestock Shows will be "Blow and Go" shows. "Blow and Go" at the Logan County Fair is defined as using NO adhesive, glue, artificial coloring, paint, or powder products. Any product used must be water-soluble, nothing stiff or sticky. Cattle may be clipped and blow dried. Conditioners and hoof products may be used. Those failing to adhere to the "Blow and Go" rule are subject to premium and award cancellations and disqualification from current participation in Logan County Fair 4-H shows and/or exhibits.
11. **EXHIBITORS MUST ENTER SHOWMANSHIP CLASS TO BE ELIGIBLE TO SELL AT THE 4-H SALE.** Showmanship class will be the first class in each Division. The contest will be divided into 3 age groups: Senior - age 14 and over; intermediate - age 10 to 13; and Junior - age 7 to 9. Age is determined as of January 1 of the current year.
12. All exhibits must be ready when the class is called. Kansas 4-H members are expected to exhibit their own animals and projects. An exhibitor substitution may be allowed only in the following cases:
  - Exhibitor is ill/injured; must have physician's order and be present at the time of show
  - Exhibitor has more than one animal entered in the same species
  - Exhibitor has animals simultaneously being judged in more than one speciesSubstitute exhibitors must be a current Logan County 4-H member experienced with livestock.

13. All animals sold in the 4-H livestock auction will be released at 8:00pm on **Friday, August 1, 2025**. Any animal ~~td~~is not sold in the livestock auction will be released immediately following the sale.
14. Attire for showing and selling of any livestock: long pants, shirts must be tucked in, closed-toe shoes, and **no** t-shirts, caps or hats. If you enter a livestock class or the livestock sale in dirty, torn or unacceptable clothing you will be disqualified. Exhibitors entering the horse show must dress according to standards for each class.
15. **The decision of the judge is final.**
16. No animals are to be tied to the horse barns. Tie them to the rail or return them to their stalls.
17. 2 market animals per division allowed per 4-H'er; 2 steers, 2 heifers, 2 hogs, 2 lambs, 2 goats, 2 pens of broilers and 2 pens of meat rabbits per youth. This does not apply to bucket calves or breeding livestock.
18. All animals must meet Kansas Division of Animal Health requirements. (See page 15)

### **Livestock Sale Rules:**

1. Each 4-H'er will be allowed to sell only 1 animal in each species (one beef, swine, poultry, goats, sheep, bucket calves and rabbit).
2. All livestock will be sold by the head.
3. There will be no minimum or maximum weight requirements for animals to sell in the livestock auction.
4. It is the responsibility of the 4-H'er to designate which animal will be sold if 4-H'er shows more than one animal of the same species. Otherwise, the animal with the highest ribbon placing will be sold. If both animals have the same ribbon placing, then the heaviest animal will be sold.
5. The Grand Champion animal in each division will be sold first, followed by the Reserve Champion, purple, blue, red, and white ribbon placing.

## 2025 RECOMMENDED REQUIREMENTS FOR KANSAS COUNTY FAIRS

### GENERAL REQUIREMENTS

- It is recommended that all animals be subject to examination by the exhibition staff or their representatives and shall be free of clinical signs of infectious or contagious disease.
- It is recommended that animals determined by exhibition staff to have not met listed requirements and recommendations will not be permitted to exhibit.
- **Certificate Of Veterinary Inspection (Health Certificate)**
  - **Kansas Origin Livestock** – Certificate of Veterinary Inspection is not required by Kansas Department of Agriculture – Division of Animal Health (KDA-DAH), but can be required at the discretion of each exhibition event.

- **Cattle Originating From Other States**
  - All cattle must have official ID, and ID must be individually listed on the accompanying CVI.
  - All dairy cattle require an import permit.
  - All lactating dairy cattle must have negative HPAI milk test within 7 days of movement.

### GOATS

- In addition to the General Requirements, all goats must be:
  - Identified with a registered tattoo or an official USDA premises ID tag (Scrapie tag.) Goats identified with registration tattoos must have legible tattoos and must have registration papers for these animals available for inspection.
  - It is recommended that all goats are free of any signs of sore mouth and clinical signs of active fungal (ringworm) infection.
- **Goats Originating From Other States**
  - All goats must have official ID, and ID must be individually listed on the accompanying CVI.

### HORSES

- All horses must meet the General Requirements.
- **Kansas Origin Horses** – A valid VS Form 10-11 showing evidence of a negative Equine Infectious Anemia (Coggins) test conducted by a state-approved laboratory within 12 months prior to exhibition **is required by KDA-DAH**. Foals six months of age and younger, accompanying their EIA-negative dams, are exempt from EIA test requirements.
- **Horses Originating From Other States** must be accompanied by a valid VS Form 10-11 showing evidence of a negative Equine Infectious Anemia (Coggins) test conducted by a state-approved laboratory within 12 months prior to entry into Kansas. Foals six months of age and younger, accompanying their EIA-negative dams, are exempt from EIA test requirements.

### POULTRY

- All poultry must meet the General Requirements.
- **Kansas Origin Poultry**
  - Kansas continues its designation as a Pullorum-Typhoid (P-T) Clean state.
  - All poultry (except waterfowl) are required to show proof of being P-T clean by one of the following:
    - Originate from a certified U.S. Pullorum-Typhoid clean flock
    - Test negative at check-in of the county fair when the county has been designated by KDA-DAH for surveillance. Routine surveillance testing will be performed for each county fair a minimum of once every 5 years.

- **Poultry Originating From Other States** – All poultry (except waterfowl) are required to show proof of being P-T clean by one of the following:
  - Originate from a certified U.S. Pullorum-Typhoid clean flock
  - Test negative on a P-T test within 90 days of exhibition
- Additionally, out-of-state poultry must have a "Permit to Ship Poultry or Hatching Eggs" issued by the KDA-DAH within the previous year or a permit number issued by the KDA-DAH office within the previous 15 days.

## **RABBITS**

- All rabbits must meet the General Requirements.
- **Rabbits Originating from other States** - All rabbits originating outside of Kansas must meet Kansas import requirements and must have a valid Certificate of Veterinary Inspection.

## **SHEEP**

- In addition to the General Requirements, all sheep must be:
  - Identified with a registered tattoo or an official USDA premises ID tag (Scrapie tag.) Sheep identified with registration tattoos must have legible tattoos and must have registration papers for these animals available for inspection.
  - It is recommended that all sheep are free of any signs of sore mouth and clinical signs of active fungal (ringworm) infection, including club lamb fungus.
- **Sheep Originating From Other States**
  - All sheep must have official ID, and ID must be individually listed on the accompanying CVI.

## **SWINE**

- All swine must meet the General Requirements.
- **Swine Originating From Other States** must also meet one of the following:
  - All swine must have official ID, and ID must be individually listed on the accompanying CVI.
  - All swine must obtain an import permit number prior to movement into Kansas.

# BEEF

## Special Rules for All Beef Projects:

1. Uncontrollable animals may be required to leave the County Fair at the discretion of the Superintendents and Extension Agent and may be excluded from the show and/or sale. It is strongly suggested that an adult be present when 4-H'ers are handling livestock.
2. No horns over 1 inch long will be allowed on any cattle or calves exhibited at County Fair. The only exception will be Horned Hereford Heifers.
3. A neck rope is required on all animals while tied.
4. All Livestock Shows will be "Blow and Go" shows.  
"Blow and Go" at the Logan County Fair is defined as using NO adhesive, glue, artificial coloring, paint, or powder products. Any product used must be water-soluble, nothing stiff or sticky. Cattle may be clipped and blow dried. Conditioners and hoof products may be used. Those failing to adhere to the "Blow and Go" rules are subject to premium and award cancellations and disqualification from current participation in Logan County Fair 4-H shows and/or exhibits.
5. Any cattle, including breeding animals, not checked in at the correct spring check-in will not be allowed to show in 4-H classes.
6. Parents and observers are not allowed to coach exhibitors once judging of a class has begun.

<b>Class 1001</b>	Senior Showmanship
<b>Class 1002</b>	Intermediate Showmanship
<b>Class 1003</b>	Junior Showmanship

## Market Beef

### Special Rules for Market Beef:

1. See general 4-H livestock rules.
2. Animals must be clean and dry at check-in.
2. Market calves will be divided into weight classes. No breed classes.
3. All market calves must be born after January 1, previous year.
4. Exhibitor shall have had the beef project with animal in their control and be in charge of all management of that animal by the initial check-in date set by the Extension office. All steers and market heifers must be weighed and tagged with official 4-H tags by the official weigh-in date.
5. All steers must be castrated/banded and healed before weigh-in in March, unless arrangements have been made with the Extension office.
6. Calves will be assigned to class prior to showing based on weight at discretion of superintendent and Extension staff jointly.
7. All market animals that do not weigh at least 950 lbs. will automatically be moved to a "feeder calf class" and will not be eligible for the Grand Drive.

<b>Class 1004</b>	Market Steer
<b>Class 1005</b>	Market Heifer
<b>Class 1006</b>	Feeder Calves (do not pre-enter)
<b>Class 1007</b>	2 <sup>nd</sup> Year Bucket Calf

## Breeding Heifers

### Special Rules for Breeding Heifers:

1. Commercial Heifers must be checked-in and tagged at spring check-in and identified with a permanent, non-reproducible form of identification. Tattoos and notches are not a permanent, non-reproducible form of identification. Registered breeding heifers are required to be present at check-in with registration papers. Cows from cow/calf pairs must be checked in or reported to the Extension Agent at spring check-in. Heifers that will be under 6 months of age are not required to be checked in at check-in but the Extension Office must be notified that you plan to show a heifer of this age by July 1.
2. Heifers of all breeds in the same age division will show in one class unless there are 5 or more of a particular breed for one age division.
3. Cow/calf pairs must consist of a cow and a calf she gave birth to. No grafted pairs.

<b>Class 1008</b>	Heifer, less than 6 months
<b>Class 1009</b>	Heifer, 7-12 months

2. Exhibitor must follow all rules for State 4-H Shows. Copies are available at [Kansas4-H.org](http://Kansas4-H.org).
3. A sportsmanship award will be awarded to one rider and horse. This will be chosen by the judge and announced after the show.
4. Exhibitor may exhibit a horse during the county Fair but is not required.
5. Points from halter classes will not count toward all-around.
6. Points for all-around individual will be based on the number of entries per class with a maximum of 6 points for 1<sup>st</sup> place. For example, if there are three exhibitors in a class, 1<sup>st</sup> place will be worth 3 pts., 2<sup>nd</sup> place worth 2 pts., and 3<sup>rd</sup> place worth 1 pt. One bonus point will be given for each purple ribbon to go towards all-around.
7. It is the responsibility of the parent/guardian of the 4-H member to see that headgear worn complies with the approved standards and is in good condition. The Kansas 4-H Horse Action Team strongly supports and encourages the use of ASTM certified/SEI approved safety helmets in all equine events. Protective headgear is encouraged in all classes.
8. Horses must enter the arena and hesitate before starting run. The gate must be closed and be kept closed until the runner stops. For safety reasons, horses must enter under the control of the rider. Horses cannot be led into the arena by an unmounted or mounted person. The rider must also have the horse under control before exiting the arena.
9. Parents and observers are not allowed to coach exhibitors once judging of a class has begun.

### Agility Competition

**Agility:** The purpose of Kansas 4-H Dog Agility is to provide 4-H members the opportunity to demonstrate the teamwork necessary to work under a variety of conditions that challenge both the handler and dog. By teaching a series of obstacles, the 4-H'er provides the basic training and exercise that leads to a more versatile, well-conditioned dog. Different obstacles and courses present unique tests of speed, confidence, technical skills, athleticism, balance, communication, attentiveness, distance, and directional control. The task of leaders, judges, trainers, and handlers is to incorporate all these elements while maintaining a fun, safe environment for the dogs and 4-H'ers. The sport of agility provides a basis for other activities such as search and rescue. Agility is exciting for both exhibitors and spectators, as well as motivating for the dogs.

1. Dogs must be at least 12 months of age before competing.

2. Divisions for all Agility classes are

- Small Dogs- under 15" at the withers.
- Medium Dogs- 15-20" at the withers.

### WHEAT VARIETY PLOT DISPLAYS

The free-standing displays must not exceed the overall dimensions of 36" wide x 36" high x 18" deep (measured on the outside). Care should be taken to select durable materials that will withstand State Fair conditions. Displays must not require the use of

electricity. If booth exceeds overall dimensions, ribbon placing will be dropped one place.

1. These displays will have been planned and prepared by 4-H members enrolled in the wheat variety plot project.
2. Members must include the varieties provided in the display, but may include more varieties, if desired.

**Basis for Awards:**

**1. Educational Value 70 %**

Is the main idea of the display specific? Was the title or theme emphasized? Is the idea presented so clearly, so simply, so forcefully, that it will stop the casual observer? If the passerby stopped, did the display give the observer additional facts in a clear, concise way? For example, varietal differences in wheat, economic gains from adoption of desirable practices, etc.

**2. Quality of Display Material 30%**

Size, style and neatness of lettering, proportion of models and lettering balanced, workmanship, including handouts, if used, charts, models and lettering used effectively to teach ideas, colorful, artistic, neat and well balanced.

**Class 2430 Wheat Variety Plot Displays**

## **HORTICULTURE & LANDSCAPE DESIGN**

<b>Class 2129</b>	Cantaloupe - 1
<b>Class 2130</b>	Garden Display - Each exhibitor will be limited to four square feet of space.

Exhibit consists of five different fresh vegetables. Canned vegetables will not be accepted. Only one variety of each type of vegetable may be exhibited. The numbers of the five vegetables to be exhibited are as follows:

Large Vegetable (one each)	Watermelon	Squash Pumpkin	Eggplant
	Cabbage	Cantaloupe	
Medium Vegetable (five each)	Cucumbers	Parsnips	Tomatoes
	Beets	Carrots	Onions
	Peppers	Okra	Sweet Potatoes

Similar size vegetable if small, fresh vegetables, such as green beans are used as one of the five different vegetables, a dozen is suggested for a good display.

Shelled vegetables should not be exhibited.

**Class 2131** Other not listed - 1 to 12 depending on the size of vegetable

## FLORICULTURE

### Special Rules for Floriculture:

1. Entries should be in disposable containers - annuals and perennials in pop bottles, arrangements in appropriate containers.
2. Limit one per type of flower (i.e. one marigold, one petunia, one rose, etc.)
3. All materials should be grown and collected rather than purchased.
4. Grand Champion and Reserve Champion will be awarded for specimens and arrangements.

**Class 2201** Garden Flower, single stem, annual

**Class 2202** Garden Flower, single stem, perennial

**Class 2203** Miniature arrangement with 3 or more fresh flower types

**Class 2204** Large arrangement with 5 or more fresh flower types

**Class 2205** Dried plant material, no fabric or plastic material

**Class 2206** House Plants

## SEWING & TEXTILE DESIGN

Please take your Exhibits to the 4-H building immediately following the foods auction for the superintendents to set up displays.

### Special Rules for Sewing & Textile Design:

1. Clothing may have been worn before exhibiting, but must have been carefully laundered. An educational exhibit is to share with others what you have learned in the project. Exhibit could be a poster, notebook or sample book. Cannot have duplicate entries in the Poster or Notebook division.
2. Recycled clothing exhibit is an item made of at least 50% recycled material (recycled means reusing and existing item in a new way). Could be remaking/redesigning a garment, re-purposing a clothing item for a new use, etc. Must include sewing of some kind. A 3" x 5" index card **MUST** accompany entry describing recycled materials and how they were used in the item.

### Construction

**Class 3001** An article, garment or outfit constructed by a 7-9-year-old exhibitor

**Class 3002** Educational exhibit prepared by a 7-9-year-old exhibitor (please see #2 of special rules)

**Class 3003** An article, garment or outfit constructed by a 10-13-year-old exhibitor

**Class 3004** Educational exhibit prepared by a 10-13-year-old exhibitor

**Class 3005** An article, garment or outfit constructed by a 14-18-year-old exhibitor

**Class 3006** Educational exhibit prepared by a 14-18-year-old exhibitor

**Class 3007** Recycled Clothing Exhibit

*\*Members should be prepared to answer questions on cost, fiber contents, care, etc.*

*Completed record sheets must be turned in with descriptions, or exhibit will be lowered one ribbon placing.*

## FASHION REVUE

### Special Rules for Fashion Review:

1. Fashion Revue conference judging will be held at the **Western Vista Building**. Entry cards are to be filled out before the judging. Participants must be enrolled in 4-H Project. May be limited to certain number in the public style revue, depending

on the number of participants.

2. Modeling in the Shopping in Style phase must be accompanied by an itemized statement of the entire costume. Both boys and girls are eligible to participate.
3. Individuals must participate in the Public Style Revue unless there are circumstances beyond their control which would prevent them from being present.
4. Premium money will not be given to those not participating in the public revue.
5. A Junior, Intermediate and Senior Champion and respective Reserve Champions will be chosen in both Constructed and Shopping in Style. Age for Junior Division is 7 to 9; Intermediate Division is 10 to 13; Senior Division is 14 and older.
6. Garments must be exhibited at Fair.
7. **If you wish to model your constructed garment in the Fashion Revue judging, please enter the corresponding class in the Constructed Clothing Fashion Revue.**

### **Constructed Clothing Fashion Revue**

- Class 3008** An article, garment, or outfit constructed by a 7-9-year-old exhibitor  
**Class 3009** An article, garment or outfit constructed by a 10-13-year-old exhibitor  
**Class 3010** An article, garment or outfit constructed by a 14-18-year-old exhibitor  
**Class 3011** Recycled Clothing Exhibit

### **Shopping in Style**

1. Participants must be purchased for the 4-H project or made by another individual for the 4-H'er; fabric and pattern must be chosen by the 4-H'er.
2. 4-H'er must complete front and back of 4-H record which must be presented at time of judging. Failure to do so will drop exhibit by 1 ribbon placing.
3. **Exhibitors are limited to 2 entries per class.**

- Class 3012** Dress up outfit for girls age 7-9  
**Class 3013** Dress up outfit for boys age 7-9  
**Class 3014** Dress up outfit for girls age 10-13  
**Class 3015** Dress up outfit for boys age 10-13

**Class 3028** Western outfit for girls age 14-18  
**Class 3029** Western outfit for boys age 14-18  
**Class 3030** Sport outfit for girls age 7-9  
**Class 3031** Sport outfit for boys age 7-9  
**Class 3032** Sport outfit for girls age 10-13  
**Class 3033** Sport outfit for boys age 10-13  
**Class 3034** Sport outfit for girls age 14-18  
**Class 3035** Sport outfit for boys age 14-18

### **FIBER ARTS**

#### **Special Rules for Fiber Arts:**

1. When articles normally worn as a pair are exhibited, both articles must be shown together. Fasten articles together securely with safety pins.
2. Please indicate articles of "original design", explaining the original design.
3. Supply patterns used if available.
4. One Grand Champion and one Reserve Champion will be awarded for all projects under the new "Heritage Arts" division in each of Junior, Intermediate & Senior division

- Class 3036** Crochet

## **INTERIOR DESIGN & ARCHITECTURE \*\*State Fair updated rules 2025\*\***

\*\*\*This project is currently in its pilot year (2025) and most exhibit categories are new.\*\*\*

### **Special Rules for Interior Design & Architecture:**

1. Judging for Interior Design & Architecture will be "conference judging" style. This will give each exhibitor the opportunity to discuss with the judge new techniques and elements of design used. The judge will then give an expert evaluation of the exhibitor's efforts in order to enhance the learning experience.
2. An entry card must be attached to the exhibit with material appropriate to the exhibit: safety pins, tape, string, etc.
3. Projects must follow individual class guidelines and provide enough information to explain design intent using basic design vocabulary as described in pilot project materials. A member may make only one exhibit in this division.
4. Projects entered that do not follow specific class guidelines will not be judged.
5. Quota – A member may enter only one class in this division.

## **INTERIOR DESIGN FOCUS:**

Interior Designers have the capacity to influence the way we feel when we inhabit a space. In some instances, this impact can be felt emotionally and physically, in other words, it can affect our mood. Tools such as color, light, texture and pattern can all be used to convey or stimulate such a response to a space.

**Class 3045 Interior Room Presentation Board.** Select one room within your home or imaginary/future home (bedroom, bathroom, kitchen, etc.) to design. Create a basic floor plan showing wall footprint including any furniture, fixture and/or cabinet layout. Include any other illustrations, drawings or photographs to help support your design. Also include material/finish samples (wall treatments, floor covering, paint samples, etc.) Label drawings, material finishes and any additional information so the audience understands their intention. All finishes should be attached to the presentation board along with budget information and design intent. To explain your design intent, write a brief description to be included on the design board. (no more than one page 8.5" x 11"). Presentation boards must be on a foam core or a standard tri-fold display. Presentation board should be cut to size to fit all drawings, finish materials, images and written material so it's easily viewed without being oversized. Workmanship, design layout and neatness should be taken into consideration when completing the presentation board.

**Class 3046 Two Collages on Presentation Board.** In this project, develop two imaginary interior rooms. Each room should start with identical dimensions and features (doors, windows, etc.) The function of the room can be up to you (bedroom, coffee shop, art studio, etc.) but should be the same for both rooms. For each room, use collage to create a feeling or mood for the occupants of the space. The mood created for one space should be the opposite or contrast to the second space. Choose a pair of contrasting words from the list provided in the pilot project to get started. Pilot project materials are located on the Kansas 4-H website under "projects" and "Interior Design & Architecture". Each collage must be on its own page. *Maximum* page size is 11" x 17"; can use smaller dimensions if needed. Collages should utilize layers to convey a space that includes a background, midground and foreground. Once these are established, add as many additional layers as needed. Use print materials from magazines, colored or scrapbook paper, the internet, or other design materials to find furniture, lighting fixtures, textures and other elements to complete each collage. Don't worry too much about the functionality of the space, but focus on materials and colors to create the mood of the space. For each collage, write a brief description of your design intent. (one to three paragraphs total). Additionally, you may include research, inspiration imagery or any additional drawings that helped you design your space. Adhere both collages and design intent on a foamcore presentation board. Label each collage with the descriptive words you selected from the list. Foamcore presentation board should be cut to size to fit all collages, images and written material so it's easily viewed without being oversized. Workmanship, design layout and neatness, and design strategy should be taken into consideration when completing your presentation board.

**Class 3047 Two Diorama Models.** Similar to class 4401, 4-H Members will construct two dioramas, one for each space

demonstrating contrasting moods. Each diorama will be designed within similar sized boxes. Boxes should be large enough to be easily viewed but no larger than 12" length x 10" height x 8" depth. Both rooms being depicted need to be the same size. Manipulation to the box is allowed (cutting openings such as windows, etc.). Dioramas should utilize layers to convey a space which includes a background, midground and foreground. Use print materials from magazines, scrapbook paper, colored paper, the internet or other design materials to find items such as floor, ceiling or wall coverings, furniture, lighting fixtures, textures and other elements to complete each room or diorama. Elements will need to be cut out and adhered to a rigid material such as foamcore board or cardboard and securely placed inside the box to establish each background, midground and foreground to reflect the design of the room. Don't worry too much about the function of the space, focus on materials and colors to create the mood of the space. Use openings in your container to experiment with the effect of light in your space. Dioramas should not contain purchased toy figures, miniature furniture/cabinets, or moveable parts, but may include securely adhered 3-dimensional elements of the project member's own making. Elements should be adhered to materials easily found at home. For example: magazine photos, cardstock, plastic, cardboard, chipboard or other material to depict design finishes/elements within the diorama. Include a small, foamcore presentation board with the set of dioramas that includes design intent for each diorama and any research or inspiration imagery used to complete the dioramas. Workmanship, design layout and neatness, and design strategy should be taken into consideration when completing your dioramas.

## ARCHITECTURE FOCUS:

Architects plan, design and oversee the construction of buildings and other structures beginning with concept development to the final construction phase of projects. It's also important that they ensure the final product is safe and functional. Architects balance artistic creativity with sound building techniques while also considering how the built environment impacts people's emotions and lifestyle.

**Class 3048 Marble Maze or Enclosure.** Create a space in which a marble will move through a sequence of rooms, enclosures or spaces. Use different types of elements and materials to enclose your spaces or guide the marble. Consider the size of the marble and how you want the space to feel – big and open or small and enclosed. Pay close attention to the sizes of architectural elements relative to the size of the marble. To begin, identify a clear goal for the marble maze or enclosure. Use the glossary in the pilot project materials (located at [www.Kansas4H.org](http://www.Kansas4H.org) under projects, then Interior Design & Architecture) for design vocabulary to help support the goal. To construct the marble maze or enclosure, use household materials found around the home to create the structure. (cardboard, chipboard, construction paper, paper towel or toilet paper tubes, etc.) Materials don't have to be boring, but they should be functional. Don't be afraid to get creative with your construction materials when thinking of your overall goal and presentation. No minimum size requirements for this project, but the base of the structure should be no larger than 18" x 24" and 12" in height. In addition to your enclosure/maze, you may also present a small presentation board with illustrations/drawings to help the audience understand the path of travel for the marble, or the rules for which you designed. Presentation board can be made from foamcore or a small tri-fold display. Adhere illustrations, photos or drawings to the board with any other information useful to the viewer including design intent and goals you set for the marble maze/enclosure. Write or type a brief description of your design intent (1-3 paragraphs total) to be included on the presentation board. Workmanship, design layout and neatness, and design strategy should be taken into consideration when completing your enclosure.

**Class 3049 Marble Maze Presentation Board Only.** Design board should be foamcore or tri-fold display with below items attached:

Include drawings of your marble enclosure/maze design; (examples include floor plan, section, elevations, etc.) In addition to your base drawings, include any illustrations/drawings to help your audience understand the path of travel for the marble. You should also include quality photographs that show the sequence of the marble moving through the built design. Images may be annotated, meaning you can use notes to explain your thoughts/design intent, on the board. This sequence of photos should visually tell the story of your design. Write or type a brief description of your design intent (1-3 paragraphs in total) to be included on the presentation board. Workmanship, design layout and neatness, and design strategy should be taken into consideration when completing your design board.

## FOODS & NUTRITION

### Special Rules for Foods & Nutrition:

1. An exhibitor will be enrolled according to 4-H age.
2. For cookies, muffins, biscuits, cinnamon rolls etc., the exhibitor must have 4 uniform examples. Favorite snack mixes,

popcorn snacks, etc, should consist of 1 cup. Cakes, breads, pies, etc., must be displayed whole.

3. Exhibits must be out of pans and displayed on cardboard, plastic or paper plates during judging. Muffins may be exhibited in or out of papers. All unfrosted cakes should be exhibited in an upright position with crust showing, except for those cakes made with special designssuch as bundt cakes. They should have crust side down. Each exhibit must be accompanied by the recipe. Following judging, items must be placed in a food storage container, plastic bag or cake carrier.

4. All food exhibits must be made from scratch. Frostingmay be from scratch or store bought, however the judge must be told.

5. Junior, Intermediate, and Senior Champion and ReserveChampion will be chosen in Foods and Food Baskets. A Grand and Reserve Champion will be chosen for decoratedcakes and a Grand and Reserve Champion will be given forfood preservation.

6. Items with \* denotes that there is not a State Fair class.

7. For food classes, perishable foods (those with custardand cream cheese type fillings and frostings) and those requiring refrigeration will not be allowed. Two crust fruitpies and pecan pies are acceptable. For further guidance, please refer to the KSRE publication MF3544 Food Safety of Frostings and Fillings.

8. ***Each 4-H'er is limited to 2 total food entries, not including displays, baskets, canned items or booths.***

9. Recipes that include cake mixes are not allowed.

10. Recipes that include alcohol are not allowed.

11. Recipe Box Entry Guidelines:

Notebook or recipe file which should include recipes usedfor 4-H foods projects (other recipes may be included).

Guidelines: division of food categories in alphabetical order;directions easy to read; minimum of twelve recipes. Must include six new recipes added for each year recipe collection is entered.

12. Ensure you pre-enter for decorated cakes and inform the judge of the class. You may use box mix for your cake; but it must be an edible cake. The judge should not cut into or try the cake. Decorated cakes are judged on appearance, neatness, creativity, and use of frosting and tips.

#### **Food Auction Rules:**

1. The Food Auction & Sale will take place directlyfollowing the Public Style Revue.

2. Food exhibits will be auctioned in the following order: Senior Grand Champion, Intermediate Grand Champion, Junior Grand Champion, then all remaining items in ribbonorder (Purple, Blue, Red & White).

3. All food will be auctioned on a price per item basis.

4. All Food project members are required to sell one itemat the auction. It is the exhibitor's responsibility to indicateto the superintendents which item will be sold. If he/she enters more than one food item, member must choose one. – It does not need to be the highest ribbon placing.

**5. If cookies, bar cookies, muffins, fruit leather, or other classes where only 4 items are stated, 4-H'ers must provide one dozen of that baked food item for food auction (12 cookies, 12 bar cookies, etc.) For snacks, cereal crunch, etc., 4-H'er must provide one-quart size container to be auctioned.**

6. The 4-H member will receive the total sale price of thedesignated food auction item.

7. It is the 4-H'ers responsibility to get food items to thebuyer during or following the auction.

8. Food Baskets will not be auctioned.

9. Dress attire for sale: Jeans and shorts in good repair. Blouses & shirts only. **No** crop tops, tank tops, halter tops,T-shirts or hats.

## **FOOD PREPARATION**

### **JUNIOR FOODS (ages 7-9)**

**Class 4001** Non-perishable food product. Example: snack mix, muffins, drop cookies

**Class 4002** Food Gift Package: on the back of the entry form, describe how the product(s) were made, the intended use, and food safety precautions taken during and after preparation. This entry will count as a non -perishable food product.

**Class 4003** Educational exhibit prepared by 7 to 9 year old (i.e. poster, recipe box, ect.)

**Class 4004** Decorated cakes

### **INTERMEDIATE FOODS (AGE 10-13)**

**Class 4005** Non-perishable food product. Example: cookies, fruit leather, snack mix, cake, quick bread.

**Class 4006** Food Gift Package: on the back of the entry form, describe how the product(s) were made, the intended use, and food safety precautions taken during and after preparation. This entry will count as a non -perishable food product.

**Class 4007** Educational exhibit prepared by 10 to 13 year old (i.e. poster, recipe box, ect.)

**Class 4008** Decorated cakes

### **SENIOR FOODS (AGE 14-18)**

- Class 4009** Non-perishable food product. Example: Bundt cakes, quick bread, yeast breads, dried food, fruit pie, international foods,
- Class 4010** Food Gift Package: on the back of the entry form, describe how the product(s) were made, the intended use, and food safety precautions taken during and after preparation. This entry will count as a non-perishable food product.
- Class 4011** Educational exhibit prepared by 14 to 18 year old (i.e. poster, recipe box, ect.)
- Class 4012** Decorated cakes

## **FOOD PRESERVATION**

### ***Special Rules for Food Preservation:***

1. All exhibits must be preserved in the current Fair year.
2. Recommended method processing must be used. Openkettle processed foods will not be accepted.
3. Pickles and sweat spreads must be finished by the waterbath process.
4. Low acid products must be pressure processed. The label must include the canning method and processing time.
5. Each jar must be labeled with uniform labels placed oneinch from the base of the jar. Labels are available from the Extension Office.
6. Classes 4016 - 4021 require one jar for each class - anycombination within classes is allowed.
7. A Grand and Reserve Champion award will be given foreach class.

- Class 4016** Sweet spreads
- Class 4017** Fruits, juices, tomatoes
- Class 4018** Low acid vegetables
- Class 4019** Pickles and relishes
- Class 4020** Meat
- Class 4021** Dried food - two kinds of dried foods, to be in small jar, clean bag or other "see through" container. Suggested amount is 1/3 or 1/2 cup or 3-4 pieces per exhibit.
- Class 4022** Tomatoes/Tomato Products

## **VISUAL ARTS & CRAFTS**

Please take your Exhibits to the 4-H building immediately following judging for the superintendents to set up displays.

### ***Special Rules for Visual Arts & Crafts:***

1. **Entries may submit 1 entry from each of the 5 categories (this includes Lego, leathercraft and duct tape projects).**
2. A Grand Champion & Reserve Champion will be awarded in each age division in each of the following categories:
  1. Drawings (pencil, pastel, colored pencil, charcoal, etc)
  2. Paintings (acrylic, watercolor, oil, etc)
  3. Other 2-Dimensional Projects - flat projects other than painting or drawing (such as scratchboard, weaving, paper crafts, collage, stringart, mixed media that is basically flat, etc)
  4. Clay/Ceramic Projects
  5. 3 Dimensional Projects other than clay

An overall Grand and Reserve Champion Lego project will be awarded in each age division.

An overall Grand and Reserve Champion leathercraft project will be awarded in each age division.

An overall Grand and Reserve Champion duct tape project will be awarded in each age division.

### ***Special Rules for Duct Tape:***

1. Each Exhibitor may enter only one item.
2. Items may be made with any color duct tape.
3. Items must be created using 90% duct tape.
4. Items may not be larger than can be carried into the fair building by one person.
5. No vulgar or suggestive decorations will be allowed.
6. Entries must be made of 90% duct tape. No sharp objects allowed.
7. Judging Criteria:  
40% Workmanship – 30% Creativity – 20% Appearance –  
10% Difficulty

### **Special Rules for Legos:**

1. You must supply all of your own Lego materials.
2. Finished product must be no larger than 18"x18"x18"
3. Plans may be adapted from kits, but must be exhibitor's original interpretation.
4. Judging will be on appearance, creativity and degree of difficulty for age.

## **WOODWORKING**

### **Special Rules for Woodworking:**

1. **THE PLAN FROM WHICH IT WAS CONSTRUCTED MUST BE ATTACHED TO THE ARTICLE EXHIBITED.** The plan may be a photocopy, the actual pattern, or a scale drawing. It must be complete and accurate to the extent that a duplicate article could be built using the plan as a guide. Please note: a set of step by step instructions is not a plan. A cost of materials should be included.
2. **Any project with missing or insufficient plans will be lowered one ribbon placing.** (i.e. a blue-ribbon exhibit will receive a red ribbon).
3. The use of materials other than wood should be kept to a minimum.
4. In judging woodwork articles, consideration will be given to: Usefulness; Workmanship – (Including accuracy to plan); Suitability; Design; Choice of Wood, and Quality of Finish.
5. Refinished/repainted furniture should be exhibited in Home Environment – Single exhibit
6. Projects made from pre-cut kits are not allowed.
7. Firearms and weapons are not to be entered or exhibited.
8. A Grand Champion and Reserve Champion will be awarded in each age division.

### **Eligibility:**

Each exhibitor is limited to one exhibit in this division.

<b>Class 6001</b>	Junior Division – 7-9 years old
<b>Class 6002</b>	Intermediate Division – 10-13 years old
<b>Class 6003</b>	Senior Division – 14-18 years old

## **GEOLOGY**

### **Special Rules for Geology:**

1. The exhibit box should be 18" X 24" X 3½". Plexiglass covers are required. Boxes with glass covers WILL NOT be accepted. All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep exactly. If a box has a sliding Plexiglas cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing the cover should not be used. For Lapidary classes 5300-5304 only, the dimensions of the box should be appropriate for the display, but should not exceed 18" X 24" X 3½".
2. Each exhibitor is required to identify each display box by placing an identification label bearing name, county and number of specimens in the upper left-hand corner of the Plexiglas cover using clear double-sided tape to adhere gummed labels and by attaching a label with the same info on the lower right-corner of the box (outside).
3. Exhibitor may enter in both geology and lapidary classes. Exhibitor may show in only one of the first four geology classes. Exhibitor may also show in Geology class special exhibit, Mineralogy, Fossils, and in one lapidary class.
4. Geology specimens should be labeled with the number of the specimens, date collected, specimen name or description and county where collected.
5. For geology classes, all specimens must be mounted in the box by proper groups: rocks, minerals, fossils. Fossils must be identified to the Phylum, Class and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words "phylum, class, genus" on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays Limestone, note just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda Class: Articulata Genus: Composita from the Morrill Limestone Member, not just phylum: Brachiopoda Class:

## Articulata Genus: Composita

6. For geology classes, all specimens must be collected by the participant (not purchased) from locations in Kansas, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Out-of-state specimens will not count in the minimum number of the class and will not be considered in the judging.

- Class 7001** Display at least 15 different rocks, minerals or fossils. Limited to one exhibit box. Fossils must be identified to the Phylum level. This class open to only those exhibiting at the Logan County Fair for the first time.
- Class 7002** Display at least 30 different rocks, minerals, or fossils. Must be at least 5 of each. 15 must be collected during the current 4-H year. Limited to one exhibit box. This class open to those exhibiting first or second year at the Logan County Fair.
- Class 7003** Display at least 45 rocks, minerals or fossils. Must be at least 5 of each. 15 must be collected during the current 4-H year. Exhibit limited to two boxes. This class is open to those exhibiting either the third or fourth year at the Logan County Fair. Identify the rocks as igneous, metamorphic or sedimentary. These rock types must be spelled out on labels or have a legible key.
- Class 7004** Display at least 60 rocks, minerals, or fossils, at least 5 of each. 15 must be collected during the current 4-H year. Exhibit limited to two This class is open to those exhibiting the fifth time or more at the Logan County Fair. Identify the rocks as igneous, metamorphic or sedimentary. These rock types must be spelled on labels or have a legible key.
- Class 7005** Special exhibit relating geology to everyday living, or to mineral test, a rock formation, geological history, or species of a fossil. Forms of one mineral, variation of one kind of rock, archeological artifacts or Indian artifacts. Digital format are accepted. Please make arrangements for the judge to view your exhibit and have a hard copy for display. Exhibit limited to 4 ft. of table. Care should be taken to use durable materials that will withstand County Fair conditions. Exhibitor may show in the class regardless of number of times he or she has exhibited at the Logan County Fair, or whether exhibitor has entries in classes 7001, 7002, 7003, or 7004. Exhibitor may also exhibit in lapidary class.
- Class 7006** Mineralogy. Display a minimum of 15 mineral specimens collected in Kansas, at least 5 of which have been collected during the current 4-H year. The minerals are to be grouped by mineral class (Carbonates, Oxides, Silicates) and at least 3 classes must be represented. The member must use one standard display box. The specimens must be labeled with the number of specimen, date collected, name of specimen, county where collected and chemical composition (CaCO<sub>3</sub> for calcite) if known.
- Class 7007** Fossils. Display a minimum of 15 Fossil specimens collected by the participant in Kansas, at least 5 of which have been collected during the current 4-H year. The fossils are to be grouped by Phylum and Class, and at least 3 phyla must be represented (Brachiopoda, Chordata, Mollusca, Etc.) The member must use one standard display box. The specimens must be labeled with the number of the specimen, date collected, county where collected, formation, member, or source; phylum, class, and genus or part; and geologic age (cretaceous, Permian, Pennsylvanian, etc.)
- Class 7008** Rocks. Display a minimum of 15 rock specimens collected in Kansas, at least 5 of which have been collected during the current 4-H year. Rocks are to be grouped by the 3 rock classes (sedimentary, Igneous, and Metamorphic). You must display at least 1 specimen from each of the three classes. The specimens must fit in one standard display box. Specimen labels must include a specimen number, the date collected, name of specimen, and the county where collected. All rocks must be identified by the formation and member name. (Example: Fort Hays Limestone, Member of the Niobrara Chalk Formation) or source (Example: Rocky Mountain Outwash, Glacial Till).

### Introduction to Lapidary Classes:

1. All Lapidary specimens should be labeled with the following information: specimen name, place of origin (country, state, or county; county required for Kansas specimens), purchased or self-collected, date lapidary treatment began, date lapidary treatment complete (treatment completed after the Fair is considered a new year specimen.)
- Class 7009** Exhibit at least 5 varieties of polished (tumbled) specimens and 5 varieties of unpolished specimens that have not yet received lapidary. These do not have to be an example of "before and after", nor do they have to be self-collected. Locales must be identified.
- Class 7010** Display before and after examples of at least 3 varieties of specimens, at least 2 tumble-polished and 2 unpolished of each. There is no requirement that the 4-H'er collect any of these. Locales must be identified. Lapidary work should be done during the current 4-H year.
- Class 7011** Display before and after examples of at least 6 varieties of specimens, at least 2 tumble-polished and 2 unpolished each. At least 2 varieties should be collected from the native site by the 4-H'er, at least one of which comes from Kansas. Locales must be identified. Lapidary work on at least 3 varieties should be done during the current 4-H year.
- Class 7012** Display before and after example of at least 9 varieties of specimens, at least 2 tumble-polished and 2 unpolished each. At least 3 varieties should be collected from the native site by the 4-H'er, at least two of

which comes from Kansas. Locales must be identified. Lapidary work on at least 3 varieties should be done during the current 4-H year.

#### **Class 7013**

Exhibit at least 6 specimens that have not previously been exhibited, which have received lapidary treatment. Lapidary treatment may consist of polishing, and end, face, or flat lapping. Specimens must represent at least 3 different varieties and include at least 3 cabochons of any size or shape, only one of which may be free-formed. A cabochon is a style of cutting in which the top of the stone forms a domed or curved convex surface. Three of the specimens must be mounted into jewelry findings

## **ENTOMOLOGY**

### **Special Rules for Entomology:**

1. A 4-H member may choose to exhibit in the collection and education class for each phase or both.
  2. Individual entries are to be placed in standard Plexiglas covered boxes, 18"x24"x3½". No glass tops allowed.
  3. Each exhibitor is required to identify each box by placing an identification label bearing exhibitor's name, county and class. One label goes in the upper left corner of the box (inside) and the other in the lower right corner of the box (outside). Arrange specimens in the box so it can be displayed lengthwise.
  4. The number of orders, specimens and families required must be included on the exhibitor's box identification label.
  5. Emphasis in judging will be placed on the overall variety of Kansas insects represented in the collection, accuracy of identification, skill and technique acquired in mounting of specimens and overall arrangement and appearance of the collection.
  6. For each collection class, two labels will be centered on the pin beneath each specimen. First is the common name label and the second label is a date/locality label.
  7. Exhibition of the current year's collection is encouraged. However, each specimen should have a value in itself. The "rare find" shown in the beginning phase should have a place in the more advanced phases.
  8. Purpose of the project is to encourage identification of our Kansas insects. If there are "exotics" in the collection, they should be in a separate area given for exotic specimens, except as they may enhance the overall appearance of the collection.
  9. Educational Classes - Educational displays are to be exhibited in one standard size insect box and identified by an identification label as discussed above. It is to include the exhibitor's name, county and class. Information on numbers and kinds of insects is not needed for educational exhibits.
- \*Displays may consist of specialized groups of insects, or relate to any aspect of insect life. Displays should be presented in a clear, concise, and interesting manner.
- a. Educational classes are limited to one standard box, a maximum of 150 specimens, and be work performed during the current year.
  - b. Title of the exhibit should be inside the box.
  - c. Purpose of the project is to learn more about the importance, life cycles, biology, ecology, diversity, etc. of insects and related arthropods. Subject matter can be as varied as the animals themselves.

## **Introduction to Entomology**

### **Class 8001**

Display of 15 minimum and maximum of 30 specimens representing at least 6 orders in a small box (school or cigar) with a piece of plastic wrap or Plexiglas taped across the top of the box. *This class is not eligible for State Fair.*

## **Beginning Entomology I**

### **Class 8002**

Collection - Display in one standard box, a minimum of 50 and a maximum of 125 species, representing at least 7 orders.

Specimens should be grouped according to order. Order labels should be pinned to the base of the box. Two labels are required on each specimen. First label directly beneath the insect, centered on the pin, is the common name label.

Common name refers to the commonly accepted name for the insect. Example of common names include grasshoppers, cockroaches, or walking sticks for insects that belong to the order Orthoptera. When in doubt, use the common name designated for the group in question. The second label is a date/locality label. It will be centered on the pin beneath the common label. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon in the Beginning I phase at the Kansas State Fair, whichever comes first. Members would generally be encouraged to move on into Beginning II after one good year in the Beginning I phase.

### **Class 8003**

Beginning Entomology/Educational Exhibit, a minimum of 15 insects.

## Beginning Entomology II

- Class 8004** Collection - Display in one standard box a minimum of 75 and a maximum of 150 insects representing at least 9 orders. All specimens should be grouped to order. Two labels will be centered on the pin beneath each specimen. The first is the common name label and the second is a date/locality label. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon in the Beginning II class at the Kansas State Fair, whichever comes first.
- Class 8005** Beginning Entomology II Educational Exhibit

## Intermediate Entomology

- Class 8006** Collection - Display a minimum of 100 and a maximum of 300 insects representing at least 10 orders. Two standard boxes can be used. All specimens should be grouped to order. All insects in the orders of Orthoptera, Hemiptera, Homoptera, Coleoptera, Diptera and Hymenoptera are to be identified to family. The number of families in these orders must be recorded on the box identification label. Families represent subdivisions of order groupings, and family labels will be pinned to the bottom of the box to represent subdivisions of the appropriate order. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon in the Intermediate class at the Kansas State Fair, whichever comes first.
- Class 8007** Intermediate Educational Exhibit

## Advanced Entomology

- Class 8008** Collection - Display a minimum of 150 and a maximum of 450 insects representing at least 12 orders. Three standard boxes can be used. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. Two labels are required for each specimen - first the common name label followed by the date/locality label, both of which are centered on the pin beneath the insect. The guidelines detailed under the intermediate phase may also be used in the advanced phase except that all butterflies appearing in the collection should be labeled with the correct common name. Members may continue to exhibit in this class as long as they remain eligible for 4-H membership.
- Class 8009** Advanced Educational Class Exhibit

## PHOTOGRAPHY

### Special Rules for Photography:

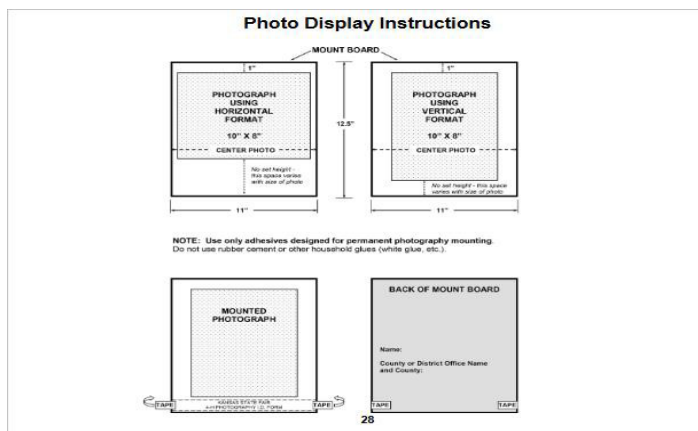

1. Conference Judging for Photography will be held at the Western Vista Building. A schedule for judging will be sent to 4-H'ers enrolled in the photography project.
2. Black & white or color photographs may be exhibited.
3. All photos must be no larger than 8"x10" and no smaller than 7"x9", except story pictures which may be 3"x5". Story picture exhibits are not eligible for the Kansas State Fair at the 3"x5" size.
4. Photos are to be mounted across the 11" dimension of a 11"x12.5" studio mount. The top edge of the print must be 1" below the top of the mount. Side of the print must be equal distance from the two sides of the mount. A permanent mount must be made using photographic dry mount tissue or equivalent. Remove white border from the enlargement before mounting. Mount pictures on the white side of mat. Mounting boards may be purchased from the Extension Office. Story pictures may be mounted on a 12"x20" poster board.
5. Photos should be submitted in a standard photo bag for their protection.
6. No letters will be permitted on the mount, or on the picture. No underlays or borders are to be used. Each exhibitor's name and photo class should be written on the back in the lower left-hand corner in pencil.
7. Photographs exhibited must be the result of the current year's project work by the 4-H members.
8. Ribbons for Grand Champion and Reserve Champion will be awarded for each exhibitor experience division, not age division.
9. Photos with live subject(s) on railroad right of way or taken from railroad right of way property will not be displayed in the Logan County Fair and will be disqualified and not judged.
  - A. Posing on or taking photos from railroad tracks is a practice that is both dangerous and illegal. If you trespass while photographing, you can receive a citation, fine, jail time, or more severe consequences such as injury or death. Trains do not stop quickly and you may not see or hear one coming until it is too late.

**\*Suggestion:** Have digital prints printed professionally by a lab or service. Home photo printers do not judge competitively against professional printing.

- Class 9001** Color photos taken by a 4-H member with 3 years or less in the project.
- Class 9002** Color photos taken by a 4-H member with 4-7 years in the project.

- Class 9003** Color photos taken by a 4-H member with 8 or more years in the project.
- Class 9004** Black and white photos-all levels of experience.
- Class 9005** Computer manipulated photos; manipulated does not include normal cropping, enlargement, or color intensity treatment but are manipulated in the computer beyond that which can be done in a darkroom. Photo must be an original taken by the exhibitor. Exhibitor must provide a small (4" x 6" or smaller) original photo.
- Class 9006** Photos with special effects. (Darkroom manipulation of print and/or in-camera manipulation of the negative)

- Class 9007** Videos/movies (DVD or USB drive format)

**Special rules for Videos/Movies:**

1. Will be judged in a projected format.
2. Criteria for judging shall include: (1) Evidence on the story line; (2) Use of camera angles; (3) Use of zooming techniques; and (4) Smoothness of scene changes
3. No time or date should be imprinted on the tape.
4. All of the rules of photographic techniques, such as the rule of thirds, composition, framing, etc., will be applied.
5. Videos or movies shall be from three to five minutes in length.
6. Sound should follow the story line and should be more than dialog, but sound is not required.
7. Titles may be used but are not required.
8. Videos must be on a standard DVD disk or USB flashdrive.
9. Place media and entry card into a quart size self-sealing plastic bag.

## ELECTRIC & RENEWABLE ENERGY

**Special Rules for Electric & Renewable Energy:**

1. Articles should be cleaned before exhibiting if it has been used.
2. A sheet of operation instructions should be furnished for any exhibit not self-explanatory.
3. Projects (classes 4600, 4601 and 4602) must be operable using only 110 or 120V AC or battery power. If battery power is required, batteries must be furnished.
4. Any project with a complexity of size or electronics must have (a) instructions for assembly and use and (b) equipment available at the time of judging for actual testing of the exhibit. All entries must be items made in a 4-H electric project.
5. No hand dipped solder may be used on exhibits

## ELECTRICAL AND ELECTRONICS

- Class 10001 AC Electric:** Electric projects with a 110 or 120 V alternating current (AC) power source. Some project examples are household wiring demonstrations, small appliances extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction. The project must be operational and meet minimum safety standards. AC projects must be 110/120 V, no 240 V exhibits are allowed, and must be constructed such that the judges have wiring access to examine the quality and safety of workmanship.

**Class 10002 DC Electric:** Electric projects with a battery or direct current power source. This class includes electric kits or original projects. This class also includes demonstration DC powered project. Examples include: wiring two- or three-way switches, difference between series/parallel lighting circuits or wiring doorbells switches. All DC electric projects must include batteries supplied by 4-H'er. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.

**Class 10003 Electronic:** Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include radios, telephones, toy robots, light meters, security systems, etc. May be constructed using printed circuit board, wire wrap, or breadboard techniques. Include instruction/assembly manual if from a kit. Include plans if an original project. Projects must be constructed such that the judges have access to examine the quality of wiring workmanship.

**Class 10004 Educational Displays and Exhibits:** The purpose of the educational display and exhibit is to educate the viewer about a specific area of the 4-H electrical or electronics project. The display or exhibit should illustrate one basic idea. This class includes any educational displays, exhibits or science fair type projects which DO NOT have a power source, i.e. exhibits, posters or displays of wire types, conduit types, electrical safety, tool or motor parts identification or electrical terminology. Educational displays and exhibits must be legible from a distance of four feet, using a maximum tri-fold size of 3' x 4'.

## SMALL ENGINES

### Special Rules for Small Engines

1. Displays are limited to 4 ft. wide and 4 ft. deep - both upright and floor displays.
2. Engines must be smaller than 20 horsepower.

### Display

**Class 11001** Exhibit a display selecting one of the following options: 1) a display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts OR 2) a display identifying and explaining the functions for different special tools needed for small engine work OR 3) a display illustrating and providing the results of any one of experiments that are included in the project books. No complete engines, lawnmowers, tillers, chainsaws are permitted for display.

### Maintenance

**Class 11002** Exhibit a display that illustrates either 1) routine maintenance procedures OR 2) diagnosing and troubleshooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws are permitted for display

### Operation

**Class 11003** Exhibit an operable small engine overhauled or rebuilt by the member. Include maintenance schedule for the engine and a brief description of steps taken by the member overhauling or rebuilding the engine.

## AEROSPACE/ROCKETRY

### Special Rules for Aerospace/Rocketry:

#### Rocketry

1. 4-H'er must be currently enrolled in the 4-H rocketry program.
2. Grand Champion and Reserve Champion will be awarded from the purple placings in the construction only.
3. Rockets must be constructed during the current year. Each rocket must have been flown. Each rocket exhibited must be able to stand freely by itself or be supported on a wooden base, not to exceed ¾" x 8" square for small and medium sized rockets; wooden or metal support rods must not extend past the tip of the nose cone. Do not submit on launch pad.
4. Plans (or a copy of it) must accompany the rocket.
5. For original design rockets, describe in summary how model was tested for stability prior to flying.
6. Angles of the fins must fall within a plus or minus 2°

variation.

7. Exhibits must be uniformly painted, smoothly finished, have decals applied smoothly, and be properly assembled and painted according to accompanying plans.
8. Beginner kits with prefabricated plastic in assemblies and pre finished rockets requiring no painting are not acceptable.
9. Engines and ignitors are not permitted with exhibits.
10. Exhibitors who exhibit a rocket using a size E engine or larger will be required to provide National Association of Rocketry (NAR) membership number on the exhibit entry card.

**\*\*There will be no Grand Champion or Reserve Champion awarded for this.**

## ROCKETRY

1. Each exhibitor may enter one robot per class. **The Exhibit must have been constructed/completed during the current 4-H year.**

Each robot must be free-standing without the need for additional supports in order to be moved or exhibited.

2. Robot dimensions should not exceed 2 feet high, by 2 feet wide, by 2 feet deep. Weight may not exceed 15 pounds.
3. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is **NOT** considered an adequate

**Class 12001** Introductory rocket - 1<sup>st</sup> yr members only

**Class 12002** Rocket made from kit

**Class 12003** Rocket designed by exhibitor, not merely modification of an existing kit rocket

**Class 12004** Launch of rocket

## ROBOTICS

1. Each exhibitor may enter one robot per class. **The Exhibit must have been constructed/completed during the current 4-H year.**
2. Each robot must be free-standing without the need for additional supports in order to be moved or exhibited. Robot dimensions should not exceed 2 feet high, by 2 feet wide, by 2 feet deep. Weight may not exceed 15 pounds.
3. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is **NOT** considered an adequate enclosure or covering for electrical components.
4. Robots must be powered by an electrical, battery, water, or solar source only. Robots powered by fossil fuels or flammable liquids will be disqualified. All robots must include an on/off switch for operation. No remote control devices will be allowed.
5. Each robot must be in working condition. The judges will operate each robot to evaluate its workmanship and its ability to complete the required tasks for the current 4-H year.
6. The exhibit must include written instructions for operation, construction plans and one to three pages of project photographs. This information should be placed inside a 10X13 inch manila envelope.
7. Educational displays are limited to one 2x3 foot tri-fold display board and no more than 3x3 foot of table space. No card board table exhibits will be allowed. No electricity will be provided.

**Class 12005** Novice Robotics (1 to 2 yrs in project)

**Class 12006** Intermediate Robotics (3 to 4 yrs in project)

**Class 12007** Advanced Robotics (4 or more yrs in project)

## COMPUTER SCIENCE **\*\*NEW ADDITION 2025\*\***

### Special Rules for Computer Science:

1. Any item which IS NOT a notebook, display board, or poster displayed in this class is considered a "computer system" exhibit and MUST follow the rules set forth below.
2. The actual construction of computer hardware (i.e., building a computer, electronic devices with a motherboard-based manipulation) will remain in the Energy Management division.
3. 4-H members must be currently enrolled in the 4-H – Computer Science project to exhibit in this division.
4. Each exhibitor may enter one exhibit per class. Exhibits must have been completed during the current 4-H year and have been selected at the county level for entry at the State Fair. Counties or districts should select only top blue or purple ribbon computer exhibits which meet State Fair guidelines.
5. Exhibitor's name, county or district, 4-H age, and years(s) in project must be tagged or labeled in a prominent location on the exhibit, educational display, notebook, and/or poster.
6. See the last section for full details about exhibiting posters, display boards and notebooks.
7. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor's exhibit, at the judges' discretion,

will receive a participation ribbon.

8. All exhibits must be:

a. Self-contained on a USB drive (thumb drive, flash drive, jump drive, or other any other name for a small USB storage device; the rules will use "USB drive"). This means that a judge can plug in the USB drive into a computer and run the exhibit as described below.

b. OR System -On-A-Chip (SOC) (such as Raspberry Pi) or a MicroController (such as an Arduino or Ozobot) AND is a compact (less than 8"X 8"X 8") system, which can be programmed AND requires minimal assembly to operate (e.g. connecting power, display, and keyboard/mouse cables). Referred to as a "chip system" through the rest of the rules.

9. Physical computers such as tablets, smart phones, laptops, or personal computers (PCs) will not be accepted as an exhibit.

10. "Chip systems" may use/include GPIO bread boards or HATs (Hardware Attached on Top) the size of which is not included in the size of the chip system however the total size of the chip system and GPIO devices may not exceed 24"X24"X24" including any protective enclosures.

11. Any attached GPIO devices are not judged for electrical construction or quality as this division is focused on the operational aspects of the system (the code). Some of these systems, with automation, can also be classified as a Robot, and the exhibitor must decide which division to exhibit in as the exhibit may not be entered in both divisions.

12. For chip systems, all electric components of the system must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for the electrical components.

13. All revisions of all forms previously released for the STEM division either undated or dated prior to current year are void for use and new forms must be obtained and used that are dated by the Kansas State 4-H Office for the current year. Use of old forms should result in the loss of one ribbon placing for exhibits.

14. For all computer system entries, the following items are required as part of an exhibit packet:

a. A manila envelope with the Computer Exhibit Form, which is available through your local K-State Research and Extension office or at <http://computers.engtech4ks.com/>. This form must be attached to the outside of a 10" x 13" manila envelope. Do not tie the envelope to the exhibit.

b. A USB drive labeled with the 4-Hers name, county/district, and club; in a way that does not prevent it from being plugged into a computer.

c. For exhibits that are entered only on USB drives, one graphic should be uploaded to emailed to [pmaddy@ksu.edu](mailto:pmaddy@ksu.edu) with the exhibitor number and exhibit number by August 23rd. It should show the completed project (such as a screen shot/capture, slide, or similar). This image will be part of a digital display at the State Fair. The only thing to be picked up at the end of the state fair will be the exhibit card. The rest of the exhibit materials will be returned to the county/district offices in their "county packs." For county fairs it is recommended to display the manila envelope.

d. Instructions to run any part of the exhibit on the USB drive. (There should be at least two (2) items in your manila envelope: USB drive and instructions).

15. Each exhibit must be accompanied by a "4-H Engineer's Journal." The engineer's journal should be typed. It can either be included electronically on the USB drive (preferred) or printed and placed in the manila envelope.

a. The "4-H Engineer's Journal" should start with a dated entry describing what the 4-H member is trying to accomplish/build.

b. The "4-H Engineer's Journal" should conclude with a dated entry describing what the 4-H member achieved in creating. (The start and end many times will be different. The judges are interested in the journey).

c. Additional entries in the "4-H Engineer's Journal" should be made as progress occur describing successes and failures; as well as the steps done and any sources of information including links used.

d. Pictures can also be included in the "4-H Engineer's Journal" but should not be more than 50% of the entries.

e. The "4-H Engineer's Journal" should contain at least one graphic.

f. The "4-H Engineer's Journal" must be at least 3 pages in length.

g. An example of a "4-H Engineer's Journal" can be found at <http://computers.engtech4ks.com/>.

h. The "4-H Engineer's Journal" will comprise 25% of the overall exhibit score. Failure to include a "4-H Engineer's Journal" will result in the exhibit being disqualified.

16. If the exhibit is a program, application, app, web site, or requires any coding, the source code must be included on the USB drive. Failure to include a copy of the "source code" may result in up to one ribbon place deduction.

17. Flow diagrams or decision trees showing the logical flow of code must be included on the USB drive for all coded exhibits. PowerPoints presentations, for example, would not require a decision tree or flow diagram.

18. Since there is no conference judging at the Kansas State Fair, a set of instructions must be provided to run the computer system /application. These instructions should be printed off and included in the exhibit package and a copy should be included on the USB drive.

a. FOR COUNTY FAIRS it is recommended that 4-Hers bring a computer that will run their project to the fair for judging as judges typically do not bring computers with them. Operating instructions are still required.

b. Instructions should be written as though you were helping a less techy person, (like a grandparent) operate your exhibit, similar to what is described in rule 19 below. An example of instructions can be found at <http://computers.engtech4ks.com/>.

19. Each exhibit MUST include a video of the youth following their instructions for operation. For presentations, such as PowerPoint, this should include delivering the presentation. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on the USB drive or, if desired, uploaded as to YouTube as an unlisted video and a link to that video included in a file titled "VideoLink." These videos may also be considered for inclusion in a running video loop in the STEM area at the state fair after review by judges, superintendent(s), and extension staff. Adult guardians must complete the video release included with the exhibit form. If the release is not completed the video will not be included in the video loop on display in the STEM area at the Kansas State Fair.
  - a. FOR COUNTY FAIRS with consultation judging, it is recommended that the video elements be waived in favor of talking with the exhibitor.
20. Each exhibit must accomplish a specific automated task using a computer, a chip system, URL, or virtual machine (VM).
21. Kansas State Fair Judge(s) in the computer system division will have a physical computer with the following minimum configuration to test exhibits with and view files:
  - a. Microsoft Windows® 10 or Windows® 11
  - b. Microsoft Office® 365 (Excel, Power Point, & Word)
  - c. Microsoft Visual Studio®
  - d. Microsoft Edge Browser®
  - e. Mozilla Firefox® Browser
  - f. Google Chrome® Browser
  - g. Adobe Acrobat Reader®
  - h. Apache OpenOffice®
  - i. VMware Player Windows 64bit
  - j. Scratch Desktop editor (offline version)
22. The STEM judges will have internet access at the Kansas State Fair. Internet based content may be included in exhibits. Exhibitors should take great care and only go on-line with their guardian's permission. User names and passwords should not be included in exhibits. If they are required to view the content, a temporary user account and password should be created for judging at the Kansas State Fair, once judging is complete the user name and password should be disabled on the account. If a separate user account is not possible, the content should be included as part of the video. **YOU SHOULD NOT SHARE YOUR USER NAME OR PASSWORD WITH OTHERS.**
23. All licensing should be adhered to for any software used in the exhibit. Failure to do so will result in a reduction of one ribbon placing and may not be considered for best of show.
24. The creation of viruses, malware, malicious applications or code, defamatory language or graphics, bullying, or any material that is "mean," "dangerous," or harmful according to the judge's opinion will result in the exhibit being disqualified.
25. Pictures or still graphics created are not eligible for entry as a project in this division and should be entered in the appropriate photography division.
26. Judging will be based on a score sheet which can be found at <http://computers.engtech4ks.com/>. There are four (4) areas each exhibit will be judged on. They are:
  - a. 4-H Engineers Journal (what I learned to make it work), 25% overall score
  - b. Instructions (how I help others make it work), 25% overall score
  - c. Functionality (does it work), 25% overall score
  - d. Diagrams (and code if applicable) (how I think it works), 25% overall score
27. Computer exhibits may be checked out for use in a Kansas State Fair 4-H demonstration or 4-H illustrated talk with prior permission. For permission, check with the superintendent or the information desk in 4-H Centennial Hall. The exhibit must be returned to display immediately after the demonstration/illustrated talk, or the exhibit will be disqualified. ### **Educational Exhibits Rules**

1. For notebooks, display boards, and posters, no additional exhibit information is Page | 48 required; no manila envelope is

needed for these exhibits.

2. Exhibits are to have a clear link to the Engineering and Technology areas of astronomy, computers, rocketry, robotics, or uncrewed aerial systems, educational exhibits outside of these Engineering and Technology areas should be displayed in the other program areas. Just because an educational exhibit relates to the broad concept of Engineering and Technology does not qualify it to be displayed in the Engineering and Technology Educational Exhibit area. Exhibits that do not clearly show a clear and direct relationship to the Engineering and Technology project areas of ag-mechanics, ABC, astronomy, computers, robotics, rocketry, or UAS as previously defined will be disqualified.
3. Exhibits in posters, notebooks and display boards must contain substantial supporting educational materials.
4. Educational display boards, posters and notebooks should be creative and showcase details about the knowledge learned in the project during the current 4-H year. Value is placed on youth who can demonstrate how their skills have increased while completing the project. Each exhibit will be judged on uniqueness, creativity, neatness, accuracy of material, knowledge gained, and content. An exhibit judging score sheet available at <http://computers.engtech4ks.com/>. For example, a rocket that may have crashed and/or is highly damaged may be made into an educational display or poster that tells a great story with many lessons learned.
5. Follow copyright laws, citing all sources of information in a standard notation Sources of information must be cited on the front of your exhibit, including all posters and educational display boards.
6. Educational displays are not to exceed a standard commercial 3' x 4' tri-fold display board. No card table exhibits will be allowed. Care should be taken to use durable materials that will withstand Kansas State Fair conditions.
7. "Construction Kits" that are part of Educational displays must be contained in cases (tackle boxes, sealable containers, etc.) that may not be larger than 1' x 2' x 2' and must have a latch which securely keeps all components contained in the "Construction Kits". Other components are to adhere to appropriate dimensions as stated elsewhere.
8. Educational Project notebooks must be organized in a 3-ring binder.
9. Any three-dimensional poster or display board exhibits may not be thicker than 2 inches.
10. Engines and igniters for rockets ARE NOT permitted with the exhibit and constitute an immediate disqualification. This is for safety reasons and includes both spent and live engines.
11. Exhibitor's name, Extension Unit, age, and year(s) in project must be tagged or labeled in a prominent location on the notebook, and/or "Construction Kit." For education displays and/or posters the exhibitor's name, county, or district, age, and year(s) in project must be tagged or labeled on the back of the exhibit. Exhibit cards are not sufficient as they may be removed or repositioned for display. Failure to label an exhibit may result in one ribbon placing deduction.
12. Exhibits should possess the following qualities (in no particular order): a. A Central theme Page | 49 b. What you want others to learn c. Be designed and constructed in a manner befitting the exhibit d. Be something you are interested in e. Be related to Astronomy. Computer System, Robotics, Rocketry, or Uncrewed Aerial Systems
13. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor's exhibit, at the judge's discretion, will receive a participation ribbon.
14. Posters, Notebooks, and Display Boards may be checked out for use in a Kansas State Fair 4-H demonstration or illustrated talk with prior permission. For permission, check with the superintendent(s). The exhibit must be returned to display immediately after the demonstration/illustrated talk, or the exhibit will be disqualified.
