This program will provide the trainee with the knowledge and information of tractor safety and farm hazards. Safety training is required by the U.S. Department of Labor for youth ages 14-15 who will be working on a farm for someone other than their parents. However, there are many cases where youth need certification even when working on the "family farm". Certification will be presented to participants who:

- Complete "Ag Safety For U" online module and exam before April 26th training
- Attend the entire in-person session on April 26th in Hoxie
- Review additional videos and at-home assignments
- Complete 6 hours of tractor/implement training with parent or employer.

**PARTICIPANTS SHOULD BRING: MANUAL, PEN/PENCIL, & A READY-TO-LEARN ATTITUDE!**
